

GOVERNOR ARNOLD SCHWARZENEGGER

June 24, 2007

*Pollinator Week*

I am delighted to extend my greetings to everyone observing National Pollinator Week in California.

Pollination plays a vital role in the health of our ecosystem and food supply. Without the moving of pollen by species such as birds and insects, thousands of plants grown for foods and medicines would not exist. I thank all those who increase awareness about pollinators for they are helping to protect our environment and quality of life.

Please accept my best wishes for a memorable week and every future success.

Sincerely,

A handwritten signature in black ink that reads "Arnold Schwarzenegger".

Arnold Schwarzenegger
